To the left, a group of people are gathered around a low, light-colored sofa. In the background, a large, conical structure with a light-colored sail-like canopy is visible. The Festivities of Frida and Diego

This Signature event is a cultural approach to the fine art of dining, specifically at the Rivera - Kahlo House, where the lunch hour was a momentous event.

A truly Mexican and colorful experience based on Frida's Fiestas, a scrapbook that locks up the recipes for more than 100 dishes that Frida and Diego served to family and friends with their characteristic enthusiasm for all the pleasures of life.
